Dr. Kristie L. Ebi, Ph.D., MPH
University of Washington

Climate changes health

Kristie L. Ebi, Ph.D., MPH has been conducting research on the health risks of climate variability and change for more than 30 years. She has worked with multiple countries in Africa, Central America, Europe, Asia, and the Pacific. She was a lead author for the Intergovernmental Panel on Climate Change (IPCC) 6th assessment cycle. Her scientific training includes an M.S. in toxicology and a Ph.D. and a Master of Public Health in epidemiology, and two years of postgraduate research at the London School of Hygiene and Tropical Medicine. She edited four books on aspects of climate change and has more than 200 peer-reviewed publications.
